

GROW CAR SOLUTIONS

THE POWER OF INDOOR GROWING

Your vertical growing solution:

Grow, easily, your own greens at our Danish trolley-inspired system, combining convenience and cutting-edge tech. Each level offers a generous 125 * 55 cm cultivation area, perfect for diverse crops.

Move it effortlessly to any location, unplug, and roll!

Standard RBW spectrum LED lighting ensures optimal plant growth, highlighting true colors without harming your eyes. Explore alternative LED options with our partners. Safe, non-intrusive, and efficient—experience top-tier growing with the Grow Car. Contact us to elevate your cultivation game!
